Education

Education activities – plan and implementation:

- Developed education plan;
- Implementing education program based on the plan (jointly with NF's, NOC, NPC, State committee for physical culture and sport of Turkmenistan, boarding sports schools and sports schools)

Recognizing that education is key to prevention and the first line of defense for clean sport, NADAT provides education to thousands of athletes, coaches, medical staff, and other athlete support personnel each year.

The education team travelled to 5 regions for seminars, lectures, in-person presentations and education booths.

NADAT organized:

- 20 seminars
 - 55 workshops
 - 2 Outreach programs
-
- ✓ More than 1000 athletes
 - ✓ More than 350 support personnel
 - ✓ More than 70 medical staff

All the Athletes competing in the 2022 major sports events received education from NADAT before the Games.
